Colorful and beautifully marked daughter of Expedite with great conformation at young age, she is super cute and we have fun playing with her. There is an amazing line of animals in her pedigree including Cowboy Catchit Chex, over 100"TTT BL Rio Catchit, and a few of the Horseshoe J line of cows on the top, on the maternal side she goes to Jamakizm, Tejas Star, 93"TTT WS Sun Star, and ECR Eternal Tari 206. With so much greatness in her pedigree,
